ENGLISH EXECUTE SIX IRISHMEN FOR ALLEGED KILLING

Men Are Hanged Two at a Time In Dublin Prison

Business Suspended While Men Are Taken to Scaffold.

Dublin, March 14.—Six prisoners convicted of complicity in the killing of British intelligence officers and members of the Crown forces in Ireland were executed in Mount Joy prison, this city, this morning. The men were hanged in pairs at intervals of an hour.

Twenty thousand people gathered outside the prison during the hours that the executions were going on and all work in the city stopped until 11 o'clock. Even the post office was closed and telegraph service was suspended.

The scene in front of the prison was impressive. The crowd began assembling at dawn and by 6 o'clock the prison yard was packed. An hour later the crowd had filled the roadway leading to the prison and all the abutting streets. An altar had been improvised near the prison doors and on the walls and trees in the prison yard sacred images and pictures had been placed.

Everywhere candles were burned, scores of persons in the heart of the dense throng holding them aloft throughout the long vigil. Here and there priests or women led in prayers or hymns in which every one joined earnestly. Hundreds kneeling in the roadway were forced to use their arms as an armored car forced its way through the crowds. From five o'clock this morning, it moved back and forth in front of the prison. On the roof of the jail, overlooking the entrance, a coastguard sentry box had been erected over night from which a soldier kept careful watch on the crowd.

Two of the men executed, Patrick Moran and Thomas Whelan were charged with complicity in the killing of intelligence officers in Dublin on November 21 last. Whelan's two brothers are the United States, one of them in the American army.

The other four men to die, Frank Flood, Bernard Ryan, Thomas Bryan and Patrick Doyle, were accused of participating in an ambush near here in January in which one member of the attacking party was killed.

BASE BALL CASES MAY BE ASSIGNED THURSDAY

Chicago, March 14.—Judge William E. Dever, today refused to comply with a motion by the state that the trial of Chicago White Sox players and others indicted for alleged throwing of a 1919 world series be taken off the court call. He ordered another hearing for next Thursday when it is believed a date for trial will be set.

Attorneys for the defense moved that an immediate trial be held Thursday and Judge Dever said that he would announce his decision later. Claude Williams, Buck Weaver, Oscar Felsch and Swede Risberg were in court. Eddie Cicotte, Bill Burns, Joseph J. Sullivan, Rachael Brown, Chick Gandil and Abe Attell were represented by counsel. Hans E. W. was the only defendant not present or represented by counsel.

Judge Barrett, American league at bat, in pleading for a postponement said the prosecution had learned that "Eddie Cicotte, Claude Williams and Joe Jackson, who confessed to the grand jury would not be available at trial." Consequently, he said, the state could not obtain convictions on the evidence it now had and would have to have more time to seek additional data.

ACCEPT CUT BUT VOTE ON STRIKE

Packing House Employees Go To Work Today at Reduced Wages While Awaiting Result of Vote.

Chicago, March 14.—The railroad labor board today requested four railroad heads to appear before it Wednesday morning to testify in the hearing over the national agreements. The men summoned were T. Devitt Cuyler, chairman of the association of railroad executives, W. W. Atterbury, president of the Pennsylvania, Carl R. Gray, president of the Union Pacific, and S. B. Binkard, assistant to Mr. Atterbury.

Chicago, March 14.—While awaiting the outcome of mediation plans and the result of a strike vote, employees in the packing plants of Chicago and other centers in the middle west, had decided to go to work today under the reduced wage scale announced by the five leading packers which goes into effect today. More than 100,000 men are affected by the reductions of 15 and 12 percent in the hourly rate and piecework rate respectively, with time and a half for overtime only after 10 hours.

"Any assumption that we are at tempting to establish a ten hour day is wrong," said a statement from Armour & company today in answer to charges of union leaders that the workers in the Armour plants will continue to work at the end of eight hours' work each day.

At mass meetings held in half a dozen packing cities yesterday, the workers were advised to remain at work until the strike vote was completed, which was said to be about Friday.

Union leaders suggested Friday, March 18, as the date for the proposed conference in Washington of representatives of employers and employees with James J. Davis, secretary of labor, according to reports here. Secretary Davis had yet received but one official response from the packers to his mediation proposal. Wilson & Company agreed to send two representatives.

In a drastic shakeup of the police department Captain W. H. Westbrook was on duty today in the police district, because of his ability to cope with labor troubles. Chief of Police Fitzmorris said:

"Our cut in wages is small when compared to other firms," said the statement of Armour & Company. "We have no guarantee of extra pay for overtime after 54 hours in any one week makes this impossible. The butcher workers in this industry are entitled to 48 hours wage earnings per week and the adjustment in the hours of labor is to enable to get it. The average worker in the killing range in the past year has been 42 hours. Under the new arrangement a worker will be able to earn a substantial increase."

Thousands of packing house employees marched in the rain "back of the yards" here yesterday afternoon and were listened to outdoor speeches of union leaders who urged the men not to start a "runaway strike."

Packing house employees in Fort Worth, Kansas City and Sioux City also decided at mass meetings also to go to work today pending completion of a strike vote. Employees in the Omaha plants planned to hold a meeting tonight to discuss their action. The wage cut will be delayed until April 11 in the plants at St. Louis and St. Joseph, Mo., it was announced by C. K. Urbhart, manager of the St. Louis plant because of a state law requiring 30 days' notice for wage reductions in manufacturing concerns.

Ardmore, Okla., March 14.—Clara Hamon on trial charged with the murder of Jake L. Hamon, shot the former Oklahoma Republican National committeeman while he was lying on the bed in his room last night. Dunlap today testified Hamon told him two days after the shooting. Dunlap was a former business associate of Hamon.

"He told me he went over to his room late in the evening, threw off his coat and vest and lay down on the bed for a rest," Dunlap testified.

Dunlap quoted Hamon as having said: "I had been there only a short time when I heard Clara come in. She laid her left hand on my head and I felt her right on my shoulder when she shot me."

"Of course I have been looking for this," Dunlap quoted Hamon as having said. The reply was objected to and sustained.

"He said he did not have a chance to protect himself, that she walked up to the foot of the bed and shot him," Dunlap further quoted Hamon.

Mr. Dunlap was asked if he had made any report to the county attorney or sheriff and said he had not.

He admitted he had had two or three conferences with the prosecution but denied he had stated he had "taken charge of the prosecution."

Dunlap said he was not present when Clara Hamon was furnished \$5,000 with which to leave town.

Mr. Dunlap said he had not asked the county attorney to dismiss the case stating there was "nothing to it." He said he had asked that a statutory charge filed at the same time against Hamon and Clara be dismissed.

RAILROAD UNIONS ASK WAGE BOARD TO CALL OFFICERS

Declare Hearings Can Not Be Finished Without Testimony.

Rail Labor Heads Endorse Proposal For Senate Investigation.

Chicago, March 14.—Railroad labor unions today notified the United States railway labor board that they could not proceed with the hearing over national agreement unless the board complied with their request to subpoena various railroad executives to appear before the board.

Frank P. Walsh, attorney for the railroad brotherhoods, told the board at the opening of today's session that he was greatly surprised to find that this request for subpoenas had not been complied with an idea that it was useless for the labor side to go on with its testimony. The testimony of the railroad heads was essential to a fair hearing, he said.

The board adjourned at 10:25 a. m., and went into executive session to consider Mr. Walsh's statements. Henry T. Hunt, of the public group of the board, said he believed subpoenas would be issued but that the board wanted to do it in a "courtroom way."

Seven officials of railway labor organizations, last night urged United States Senator Charles McNary (Republican, Iowa), chairman of the senate Interstate Commerce committee endorsing the senators proposal for a congressional investigation of the transportation situation and requesting that railroad labor organizations be given a hearing in the event of such inquiry. The message charged that nine men control and have dictated the policy of all the railroads of the country in the wage question.

"Railroad labor stands for industrial peace and evolution and not industrial warfare and revolution" the message concluded.

ANTI-JEWISH RIOT BREAKS IN VIENNA

Radical Speech at Anti-Semitic Conference Is Followed By Disorders in Street—Police Disperse Crowds.

Vienna, March 14.—Anti-Jewish disorders which broke out here last evening threatened for a time to develop into a serious situation, but the police, late in the evening, succeeded in scattering the crowd on the streets and in preventing possible loss of life. Shops owned by Jews were damaged by stones thrown by riotous crowds and in a few cases, Jews were beaten.

The disorder began at the congress of the Austrian anti-semitic organization, which has been in session here for several days. During the sitting late yesterday afternoon, the congress which is being attended by delegates from 62 chapters of the organization in Austria and a few representatives of Bavarian anti-Jewish societies, was addressed by speakers who urged radical measures. They advocated pogroms and the organization of Christians in Austria.

While this meeting was going on large crowds assembled in the Rathaus square where similar addresses were given, speakers declaring that the Jews constituted a menace because of profane living. Two Jewish students were found in a crowd, and were beaten and driven away.

At dusk, the meeting broke up and a great crowd swept through the streets, singing German songs and shouting "Away with the Jews." Now and then a tinkle of glass told of a stone being thrown through a window. The crowd moved steadily toward a Jewish quarter of the city, but large forces of police had been summoned to bridge across the canal, over which the crowds must move to reach the ghetto of Vienna. The rioters were turned back, but for a few minutes, on the boulevard and street fighting before the police succeeded in dispersing the mob.

PUT a pat of Brednut and a pat of fresh creamery butter side by side. Butter half of a hot biscuit with Brednut, the other half with the creamery butter. Take a bite from one part, then a bite from the other. We challenge you to tell which is Brednut. Brednut is the equal of and is equalled only by fresh creamery butter.

THIS is our way of showing our appreciation for the continued use of Brednut to the thousands of people who took advantage of our special introductory offer.

People who have been using nut butter and oleomargarine say that at last they have found a nut butter that satisfies them the same as the freshest creamery.

DUSTIN FARNUM IN IMPRESSIVE DRAMA

Exactness of detail in his productions has always been one of the hobbies of Dustin Farnum, the screen star. This same hobby was very much in evidence during the making of "Big Happiness," his latest vehicle. A Dustin Farnum Productions Company picture which opens today at the Grand theater for 3 days run.

"Big Happiness" is released by Robertson-Cole as a super-special and upholds the excellent standard for settings established by these distributors. Following out Mr. Farnum's idea of exactness it was necessary to engage more than one hundred experienced people for the filming of one scene. Mr. Farnum insisted on having talented players instead of "extras" to produce the necessary "atmosphere."

The picture is an intense drama with many colorful scenes of the gay, cosmopolitan life of Paris before the great war. A cafe setting used is an exact reproduction of the famous Cafe de l'Alcazar where men and women of the upper strata of society and fashion gather to laugh and chat over sparkling beverages.

An excellent cast in support of Mr. Farnum, who gives a wonderful portrayal of twin brothers, adds much to the quality of this unusual picture. Kathryn Adams, a graduate from the legitimate stage and a screen artist of recognized ability, is the heroine. Miss Adams has appeared in many important picture parts, including the leading feminine roles in "Raffles" and "Baby Mine."

Fred Maletta, nephew of ex-Premier Nitti of Italy and a well known movie villain, gives an excellent character study. Others in the cast are Joseph J. Dowling, William Brown, Aggie Heron and Violet Schram.

VICTOR HERBERT'S BIG MUSICAL SHOW COMING

A genuine treat is promised the theatergoer when Victor Herbert's latest and best musical comedy success "The Girl in the Spotlight" comes to the Auditorium on Saturday, March 13th matinee and night.

Bubbling over with Herbert's melodies, the comedy, excellent dancing and pretty girls "The Girl in the Spotlight" is one of the real musical comedy hits of the year. Produced under the personal direction of George W. Lederer.

he had provided a chat that has never been equalled in a theater work. Among the players are Hal Skellie, the elongated eccentric comedian and dancer, who is well known as one of the stars of "The Night Boat," "Fiddlers Three," "Fio Flo" and other big hits. Mary Milburn, a new prima donna, discovered by Mr. Lederer and whose success has been the talk of New York where she was proclaimed the "find of a decade," Paul Burns, the famous character comedian, Jimmie Dunn, eccentric dancer and comedian, Jack Squire, light comedian, Eunice Van, a London and Paris music hall favorite, Minerva Gigg, the eccentric comedienne, John Hendricks, the well known basso, an excellent baritone; Nell Moore, Agnes Patterson, June White, Lillian Young, Odell Conningham, and Evelyn Geig, and three dancers beside a score of sub-principals who have nimble feet, voices that have won universal commend and costumes that you have seldom seen in musical comedy. Mr. Herbert has contributed seven numbers in the score of this play, among them "I cannot Sleep, Dear, Without Dreaming of You," "There's a Tender Look in Your Eyes," "I Know there's a Girl for Me" and others you will get before the play is over. Mail orders are now being received.

SNOOKY HAD A GREAT TIME IN MAKING LATEST COMEDY

Snooky, the Humanzee, had the time of his life during the making of "Beat It," the latest of the two reel comedies at the Auditorium theater. Starting tonight according to stories that come from the studio. One scene calls for him to steal "hot dogs" and Snooky insisted on eating six of them before he would go on with the acting. In another scene where he is a waiter in a prohibition dance hall he has to drink a bottle of near beer and he consumed four before he would do it properly. Real beer was a portion of Snooky's diet before the Volstead days. Still another scene calls for him to play a snare drum and he delighted in smashing five of them before the picture was finished. According to the producers those who see the picture will note that he actually laughs in several of the scenes mentioned.

Little Ida May McKenzie, who has won the title of the sweetest child on the screen, has a big role in "Beat It," appearing as a singer in the dance hall.

SEE KIDDIES IN STYLE SHOW AT AUDITORIUM

Newark theatergoers will be treated to an extra added feature and one, which in itself is a most novel act, that being a Kiddies Millinery Style Show. In this Kiddie children ages ranging from 4 to 15 years will be seen and heard in latest songs and dances. The Mohr Hat Shop and Duerr's Flower Shop have the affair in hand and one of the most novel and pleasing stunts of the year is promised. The management of the Auditorium has a specially booked picture program consisting of Douglas Fairbanks' clever cinema star, who is screened in the Paramount special "He Comes Up Smiling." The comedy feature is the two reel "Beat It" in which "Snooky the Humanzee" is the star. On Wednesday afternoon a special matinee is to be given for the school children, at which time a special price will be announced.

OPTIMISM, HUMOR, EXCITEMENT IN "HE COMES UP SMILING"

Optimism, humor, excitement and novelty are the principal features of Douglas Fairbanks' new photoplay, "He Comes Up Smiling," which will be presented at the Auditorium theater Monday. The farce upon which the picture is based, was highly successful on the stage several years ago, but it is said the screen version is even more satisfactory to those who like the ingredients which have been provided by Mr. Fairbanks in this splendid production.

The part of Jerry, who is known by the Knights of the Road as "The Watermelon," is that of a young man who has ambition, but who is inclined to live a life of vagabondage. Lured by the green wood and an irresistible desire to experience new sensations along the broad highway, Jerry is a character which stands out distinctly as one of Mr. Fairbanks' most novel and enjoyable screen characterizations.

The picture is filled with numerous novel situations and the action is ex-

ceedingly rapid. Jerry chases a canary bird over hills and dale into houses and over housetops he is in turn chased by a bevy of bees and he does remarkable stunts in a wild automobile drive across a mountain. The role of the tramp is unique even in his record of unusual characterizations, but Mr. Fairbanks seems thoroughly at home therein.

MANY STARS IN BIG "CENTURY MIDNIGHT WHIRL"

Nothing announced for the local theatrical season is of more interest than the engagement at the Auditorium soon of the "Century Midnight Whirl," the genuine roof show which can last the years in New York. Nothing like the "Whirl" has ever been seen in this city. It is made up of comedy and merriment and music and spectacle and dancing and much more. It is a spirited, jolly, happy, tuneful and colorful entertainment that is more than a notable all-star cast which is headed by Richard Carle, Blanche Ring, Charles Winninger, Winona Winter, Jay Gould, and several others. This organization guarantees the jolliest sort of comedy. Besides, there are the girls. The famous "Millionaires' Chorus" is in the "Whirl." This entertainment was made for gaiety, merriment and fun. Its New York factor is proof that it does what it was intended to do.

NEGATIVE REPORT BECOMES DORIS KEANE'S TALISMAN

Doris Keane has no superstitions, neither does she believe in charms, but she always carried around with her a bit of paper, neatly framed, on which is written: "This is not a good play.—C. F." The "C. F." is the initial signature of Charles Frohman. It was under the management of Mr. Frohman that Miss Keane played on the stage for a long time, and it was to him that the play

"Romance" by Edward Sheldon was first submitted. He wrote that comment over the play after he read it and later it came to Miss Keane's attention. She liked the piece and discussed its possibilities with her managers and Mr. Sheldon. It was produced and it was in that place that she won her greatest success—a success that has lasted from the "first night" performance and has made her the leading emotional actress of the American stage.

This is the story from which the United Artists' production for the screen has been made and which will be shown at the Alhambra theater on Thursday. For a season it was the ruck in New York, then it played two years in Chicago, then a season in Boston and after that it was taken to London where it played nearly three years.

And that success on the criticism that "this is not a good play." One never knows these days, Miss Keane says, and I keep that slip of paper in my dressing room always. It's my good talisman.

KINSEY KOMEDY COMPANY COMING

The Kinsey Comedy Company will start a week's engagement at the Lyric theater Monday. It is headed by the Kinsey Sisters, who are described as young, beautiful and talented. The opening play is "The Millionaire and the Shop Girl," a comedy drama. This company will offer a different play each day with a bargain matinee daily.

God's Requirements
He hath shewed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God.—Micah 6:8.

AUTOMOBILE HEADLIGHTS.
People who drive automobiles by night need a good light, in these times when so many use the roads. The man who drives with a poor light, and who tears ahead at a rapid rate depending on others to get out of the way, is a peril to the public.

But the one who to avoid this danger uses a dazzling light, is much more of a peril, and he forces many drivers into the ditch. Some who meet him becomes bewildered and run over pedestrians or otherwise get into trouble. The dazzling light is one of the chief offenses of the road hog, who seems to care for no one so long as his path is safely lighted. Deep and fervent are the curses vented upon him by other users of the highways.

Most of the states have headlight regulations, which are often so indefinite that neither drivers nor police can tell if the law is violated. Consequently headlight rules of many states are not well enforced. Dazzling lights still cause many accidents.

A joint committee representing the Illuminating Engineers Society and the Society of Automotive Engineers, have worked out a system of specifications for headlights, which is claimed to be the most practical plan yet devised. This standard has been adopted by Connecticut, New York, Pennsylvania, Maryland, Wisconsin, and California, which states have nearly 25 per cent of the total automobile registrations. Every automobile owner in Ohio should be glad to co-operate in efforts to do away with the glaring headlight nuisance. The testing of lights should be so simple that it can be done in any good garage, and when a good system is established every car owner should have his lights comply with the standard.

The candle power of lights can now be determined by a single device in accordance with the system worked out by this committee, so that this plan of regulation is apparently practical. If so, it should become universal, at it would save many accidents and make the use of the roads at night far more satisfactory.

THE SIMPLE HOME.

The American people have always been pleased to think that their great president Abraham Lincoln, once lived in a log cabin. It also pleases them that President Harding dwelt for a time in a simple little story and a half cottage. It was so small that it had only two windows in its frontage, one on the first floor and one in the gable above. Just about the same little kind of shack that many plain people use now at rustic summer resorts.

A public man gains no added virtue from this plain start. But the fact so many have risen from these simple beginnings, prove that democracy is a real thing in this country.

A great many of the men who were born in handsome homes have come out fine fellows, who have been simple and unostentatious. But it is safeguard of our institutions, that so many of our public men have climbed from small beginnings. They know what it is to work for a foothold in life. Their experience will make them sympathetic with struggling people.

HIGHWAY CRITICISM.

The Davis administration would like to make it appear that very little road building occurred last year under Democratic administration of the state highway department, and that the state failed to take advantage of the Federal aid to the extent it should have done.

completed. Only one state exceeded that amount last year. Far more would have been built had it not been for the fact that lower prices were asked. As a result of that policy fully thirty-three and one-third per cent more miles will be built this year for the same cost.

If that be the Davis criticism of Democratic control, we are willing to have the public know it and will abide by the verdict that the taxpayers render.

Wonder if Mr. Harding would have consented to take the presidency if he had stopped to consider that he had to be inaugurated on a Friday?

The Germans are willing to settle down and pay their reparations. All they ask is that they be allowed to determine the amount of the bill.

The more attention a girl gives to decorating the outside of her skin, the less she usually gives to improving the inside of her head.

In the quiet times when farseeing men are laying the foundations for their fortunes, there are always a lot of people who think the country is going to the dogs.

War between Costa Rica and Panama and casualties so far consist of 10 men had uniforms torn and 15 got their gold lace soiled.

BORROWED HUSBANDS
By MILDRED K. BARBOUR

LV.—The Unanswerable Question.

Nancy stared at Dr. Langwell in an abstracted fashion. Her thoughts were far from "Lover Long" for the moment and she met his amused comment regarding herself and Major Desmond with something approaching a frown.

Before her silence, his complacent smile vanished. He was not accustomed to abstraction in women whom he addressed.

He stood beside her, gazing out across the twilight lake, his fingers impatiently drumming a tattoo on the window glass.

"Sulking?" he asked finally. A little ripple of a laugh came from Nancy.

"What a self-flatterer you are! Why should I sulk, please?" "Well, I HAVE been a bit neglectful of you today."

"In view of the events of the day, I think I ought to thank you for your consideration."

"That was a nasty scratch," was his unruffled reply, as he lit a cigarette. "Like to go for a walk?"

Nancy was on the point of refusing, when she suddenly decided to accept. He was a chance to "carry on" with her promise to Edith, besides an opportunity to escape from a tete a tete with Major Desmond. She doubted if Stanley could be depended upon to continue his chaperonage all evening, particularly if he got it into his head that his presence was especially wanted, and Desmond would be leaving in the morning.

"On second thought, we might like the roadster and run out to the scene of the wreck," suggested the doctor. "I hear that the guilty party has dismounted. I'd rather like to look over the ground and see what he left as means for identification. Even the cleverest crook leaves clues, you know."

When Nancy sped upstairs for her wraps, she came upon Edith sitting before a hall window in the twilight, her chin resting in her palm, her gaze on the fast darkening landscape.

Nancy thought she had never seen her quite so sad, or her pose quite so listless.

She slipped up to her impulsively before Edith was aware of her presence, and laid her hand on the drooping shoulder, dropping her cheek against Edith's hair.

"Tell Nancy about it?" she coaxed. Edith looked up with a forced smile. "What a wretched hostess I am! Do you think your friends will forgive me? This—this accident today has upset me completely."

"Naturally," agreed Nancy gravely. "But it was more than the accident, wasn't it, dear?"

"Nancy," Edith clutched her hand convulsively. "you were there—you heard that girl call him by name. Tell me, it isn't possible that—"

"Mr. dear, you're letting your fancy run wild," Nancy broke in swiftly. "Just because this Fleurette person happened to murmur the name of—that name—when she was only half-conscious after an awful spill, you mustn't let yourself imagine things. After all, Freddie is a common enough name. I can't quite conceive of anyone calling the great doctor by such a familiar title. Even you call him 'Frederick'."

Edith sighed. "I hope you're right. Perhaps I'm borrowing useless trouble. But there have been so many other instances—"

She broke off, turning her head away and laying her hand over her eyes with a gesture of pain.

Nancy was silent, and finally Edith said, haltingly: "I hope you never know what it is."

to care for anybody as I do." Nancy murmured something. "What did you say?" asked Edith. "I said: what a pity that the men who inspire such splendid devotion are usually unworthy."

The next moment, realizing what she had thoughtlessly said, she gasped. "Oh, my dear, forgive me! I spoke without thinking."

Edith silenced her with a gesture. "Don't apologize. I may have a treacherous heart and distorted judgment, but, thank God, I have no illusions."

LISTEN, WORLD!

By Elsie Robinson
I always did like this quotation from Stevenson:

"Noble disappointment, noble self-denial, are not to be admired, not even to be pardoned, if they bring bitterness. Gentleness and cheerfulness these come before all morality—they are the perfect duties."

Santa upsets our established notion of things doesn't it? We felt that there was a spiritual glory in "going without," and in suffering, which the rest of the gang ought to appreciate. But the rest of the gang doesn't appreciate, and

It's a jolly good thing they don't. FOR OF ALL WAYS OF WASTING HUMAN EFFORT SACRIFICE IS ABOUT THE WASTINGEST.

There are sacrifices and sacrifices. Some of 'em we can't avoid, and we should do them beautifully for the sake of the beauty that lies in them—whether the other fellow appreciates it or not.

But if there isn't any beauty in the sacrifice, or you can't see it, you'd better be leery of both the sacrifice and yourself. For God meant that beauty should be there, in that it's well as everything else. Such sacrifices are up-and-down contracts between yourself and Him, and you'll profit by seeing them through. If you have to weep and cuss, which of course any normal human does in moments of sacrifice, do it in private—and go out to face the world with your armor shining.

But that's only the unavoidable sacrifices. I truly believe that most sacrifices are avoidable and, when possible, I believe in avoiding 'em as you would the pest. I don't believe they are beautiful, or uplifting or admirable—if there's any way out. Nope, I'll sprint a mile any day to avoid a Sacrifice. But if I've got to link arms with the old fellow—WHY, I'LL DO IT WITH A GRIN.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

A Thousands take them every night just to keep right. Try them. 15c and 30c.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

In skin troubles, ordinary soaps are irritating and liable to aggravate the condition. Use Zemo soap. It is antiseptic, soothing, and hastens the process of healing.

LEADER IN QUALITY AND LOW PRICES

The great energy-food has three flavors!

Which Karo do you like best?

MANY who prefer a rather sweet syrup choose Red Karo, as it gives foods their fullest natural taste. Because it looks like honey, many like it as a spread for cakes and waffles.

Red Karo is a wonderful syrup for sweetening in cooking and baking. Karo-made cakes, cookies and raisin bread are perfectly delicious.

But as a table syrup—with a thick heavy body, that pours nicely, and yet does not soak into the breakfast cakes—you may perhaps choose Blue Karo or Green Karo. Green Karo, with its delicious maple flavor, is made with the highest grade pure maple sugar from Vermont and Canada.

The secret of nutrition in Karo

Perhaps you did not know that you cannot live long without Dextrose. Most foods you eat—such as bread, starchy vegetables, and all forms of sugar—have to be changed into Dextrose before your system can use them as energy foods. Karo is rich in pure Dextrose.

So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities.

Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it and be assured of full weight and highest quality.

STIVERS HIGH WINS BASEBALL TITLE

Delaware, March 14.—For the third
 time in as many years, Stivers High of
 Dayton won the basketball champion-
 ship of Ohio in the Ohio High school
 basketball tournament held under the
 auspices of Ohio Wesleyan. It was by
 virtue of the victory over Woodward
 Tech Saturday afternoon that Stivers
 lays claim to undisputed championship
 of the Buckeye States the final score
 in the title being 26-19.

The Woodward boys played a hard
 and fast game of ball but the weight
 and size of the Stivers five was too
 much for the light Toledo lads. The
 first half Toledo had the advantage
 and scored a higher class of ball than
 did the Daytonians. Woodward made
 good on five field goals this period
 and had Stivers to three, but with Harry
 Schwab making six out of seven fouls,
 Stivers managed to tie the score at the
 end of the first period with 12 points
 each.

The second half Stivers wore down
 the defense of the Tech boys by a splen-
 did passing combination that tired out
 the lighter Toledo boys in their at-
 tempts to break it up.

CHURCH LEAGUE WILL FINISH THIS WEEK

 the last time the First M. E. and the
 Maple avenue C. U. and in the second
 contest Newark Business vs. Junior
 Moose.

Thursdays games place the Second
 Presbyterian and the Neal avenue crew
 in the first game and the First Presby-
 terians vs. the champs in the last con-
 test.

A basket ball supper to top off the
 season for the Sunday school boys to be
 held next week will be in the nature of
 a stag affair. The date is Thursday,
 March 24, supper served at 6:30. A
 program is being made up for the oc-
 casion. Physical director Allen will be
 in charge.

HEARTBURN STOPPED BY INTERNAL BATHS

Mrs. Ed. Bailey, 123 Channel St.,
 Newark, O., writes Tyrrell's Hygienic
 Institute of New York as follows:
 "I can truthfully say that the Cas-
 cade has done me a wonderful lot of
 good. I had heartburn or sour stom-
 ach for 18 years and would take soda
 in a little water to relieve the misery
 for a short time. But since using the
 Cascade have never been bothered that
 way, and I can eat anything. I have
 also suffered so from sick headaches and
 have used the Cascade for them and
 can cure one in one-half hour. I have
 had very few headaches since using the
 Cascade. The Cascade is a grand thing
 in that it helps you to help yourself."
 The "J. B. L. Cascade" cleanses the
 lower intestine of its entire length and
 keeps it always free of poisonous waste.
 Thousands testify that Constipation,
 Indigestion, Bloating, Tenderness, Bilious-
 ness, Headaches and all the many ser-
 ious troubles which they cause are ab-
 solutely relieved and prevented by this
 Nature Treatment. The Hudson Avenue
 Pharmacy, 322 Hudson avenue, will be
 glad to show you the "J. B. L. Cas-
 cade," explain its simple operation and
 will give you, free on request, an in-
 teresting little book by Dr. Chas. A.
 Tyrrell of New York, a noted specialist
 on Internal Bathing for 23 years in
 that city. Clip this out as a reminder
 to ask for the booklet at your first op-
 portunity.

NEWARK VOLLEY BALL MEN TO PLAY ZANESVILLE

Zanesville Y. M. C. A. volley ball team
 has set Thursday of this week as the
 return date for their match with New-
 ark Business men. An earlier date had
 been arranged tentatively which of
 course will give way to the later an-
 nouncement.

In all probability several machine
 loads of players and fans will make the
 trip from Newark. The start will be
 made before 5 o'clock as the game will
 start at 6 o'clock standard time and the
 Zanesville men are given only a certain
 time to use the armory floor where all
 their games take place.

If the floor is large Newark will be
 handicapped to some extent but not so
 much as when the Zanesville players
 landed here.

PIMPLES VANISH

 The next time you notice a pimple or
 skin blotch starting, apply Hydrosal
 Ointment generously before going to bed.
 In the morning that ugly, red spot will
 be gone. The astringent properties of
 Hydrosal will have penetrated the lym-
 phatic glands, thereby controlling the
 blood pressure and allaying all inflam-
 mation.

Hydrosal Ointment does not stain or
 discolor clothing, sheets or pillow slips.
 It is non-poisonous and non-irritating—
 a powerful antiseptic and a real skin
 food.

If you are persistently troubled with
 pimples or blotchy skin, use Hydrosal
 Ointment regularly, spreading it over
 the entire face just as you would cold
 cream. Hydrosal Ointment is flesh-col-
 ored. You will find your complexion im-
 proved over night and in a short time
 your skin will become smooth and clear.

 drosal Ointment in popular sizes, 25c and

CORNELL'S COMPANY ABOUT TO DRILL

The Metropolitan Petroleum com-
 pany, with holdings in section 5-15-29,
 about one mile west of the Allen Oil
 company or Ritter-Lawson producer, is
 getting things in shape to have a rig
 on the ground by April 1st. The com-
 pany has its acreage well placed on the
 top of the Cat Creek anticline and has
 good chances of obtaining production.
 Mr. Ernest Cornell, secretary and
 treasurer of the company, has just
 stated to a representative of the Bul-
 letin that its financing campaign was
 going along most gratifyingly. Lewis-
 town, Mont., Oil Field Bulletin.

Mr. Cornell writes to the Advocate
 March 9 that a big standard derrick
 will be erected this week on the Metro-
 politan's ground. He says that on
 April 15 the Metropolitan stock goes
 from 50 cents to \$1 a share and on
 May 1 the stock books will close. A
 number of Licking county people are
 stockholders in the Metropolitan Petro-
 leum company.

Chicago Grain Review.
Chicago, March 14.—Considerable strength developed in the wheat market today, owing largely to work of export buying at the seaboard. Scantiness of rural offerings tended also to lift prices. Demand here, however, was confined almost together to shorts. Opening quotations, which varied from unchanged figures to three cents high, closed as follows: No. 1 hard 1-2 and May \$1.61 to \$1.53 1-2 were followed by reactions from initial top figures.

Corn reflected the action of wheat. After opening unchanged to 5-8 higher including May at 69 to 69 3-4c, the market steadied with part of the extreme gain lost.

Oats were firmer with other cereals starting 1-4 off to 3-8 cents advance. May 42 7-8 to 43 1-8c, and hardening all around before beginning to react.

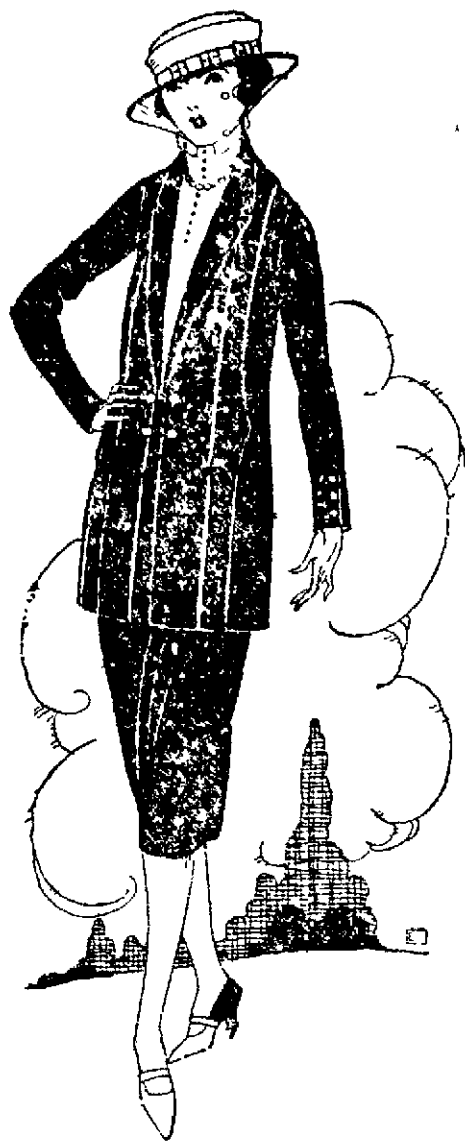

Provisions showed weakness as a result of free selling on the part of the commission houses.

Chicago Live Stock.
Chicago, March 14.—Cattle receipts 22,000; beef, steers and butchers she stock slow, mostly 15 to 25 cents lower; quality good; bulk beef steers \$5.50@10.50; bulk fat cows and heifers \$5.00@8.75; hampers and cutters largely \$5.00@8.50; bulls steady; bulk \$5.25@6.25; calves mostly \$10.00; stockers and feeders steady.

Hogs receipts 48,000 fairly active; mostly 10 to 15 cents higher than Saturday averages; top \$11.50 early bulk of 200 pounds up \$10.50@10.85; pigs mostly 40 to 50 cents higher; bulk 80 to 120 pound pigs \$11.00@12.25.

Sheep receipts 30,000 opening slow; lambs 25 to 50 cents lower; sheep steady; lambs top early \$10.75 to shippers; 89 pound shorn lambs early \$9.00; bulk fat woolled lambs early \$9.75@10.25; no sheep sales early; talking steady.

Your Next Replacement Spring should be a TEMME QUALITY SPRING

Because

1. This time tested TEMME SPRING is hand-built thruout by master workmen.
2. Built from only the finest grade of selected steel, a bonus or premium paid by the manufacturer to the mill for the privilege of choosing first quality material.
3. This selected steel is scientifically heat treated and tempered in oils.
4. Each leaf is fashioned by hand to the accurate dimensions as specified in the automobile factory's specifications.
5. And finally these plates or leaves are painstakingly hand-fitted by long experienced fitters and liberally graphited before being assembled.

It is a sense of justifiable pride that we now announce ourselves as distributors for this popular dependable replacement spring and to announce to the passenger and truck operators of this vicinity that for every car and truck we are prepared to furnish a TEMME QUALITY SPRING—QUICKLY.
